Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Monday 22 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with outbreaks of patchy light rain today. Mild.

Today:
After a dry and bright start, cloud and outbreaks of patchy light rain will move eastwards across the region from midday. Rain will gradually ease by late-afternoon, with perhaps some brighter spells developing in the far north. Staying mild. Maximum temperature 9 deg C (48 deg F).

Tonight:
Dry with clear spells overnight, which may allow a touch of frost to form in some low lying rural areas. Perhaps some low cloud and hill fog forming in places. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Tuesday should be largely dry and mostly cloudy, with occasional brighter spells. A windy day, although it will stay on the mild side. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Wednesday will be largely dry, cloudy, windy and very mild. Generally fine and dry on Thursday and Friday with more sunshine around. Staying on the mild side overall.
